Q I'm going to briefly go over a few ground rules. So please try to give verbal responses. The court reporter, she's not going to be able to take down if we shake our head or say uh-huh or unh-unh. Even though we know what we'll be talking about, the record is not going to reflect that. To the best of your ability, try to give verbal responses.

At any time if I ask a question and you don't know what it means, please let me know, and I can rephrase it.

I'm not here to trick you at all. This is just for us to get some information out. If at any point you need to take a break, please let me know, and we'll go and take a break. The only rule is if there's a question pending other by myself or one of the other attorneys, you have to answer that question first and then we can take a break.

And then to the best of your knowledge, please try and give full and accurate answers. So if I ask you what you had for breakfast today and you had bacon and eggs, if you just told

me you had bacon, although that's true, it's not the complete answer because you had bacon and eggs. To the best of your ability, please try to give the full and complete answer. Okay?

A Absolutely.

Q And David, what is your current position?

A I'm a senior inspector.

Q Is there a specific county that you work for?

A Prince George's County.

Q And how long have you been working as a senior inspector for Prince George's County?

A Four years.

MR. ROSENTHAL: Could you speak up? I'm having a little trouble hearing over the Zoom link.

THE WITNESS: Absolutely, I will.

MR. ROSENTHAL: Thank you very much.

BY MR. CARKHUFF:

Q Prior to becoming a senior inspector in Prince George's County, where were you working?

Page 8

A I was just a regular inspector, what we consider an Inspector II also for the county. That was four years, so that was six years of that, which is in the same department, DPIE.

Q And what's the acronym stand for?

A Department of Permitting Inspections and Enforcement.

Q So could you walk me through what -- so what is -- what is the job description for a senior inspector with Prince George's County?

A Okay. You would like to understand my day-to-day basically?

Q Day-to-day. What would a normal -- what would a typical day look for you working?

A First thing I would go into the program that the county offers, which is called Momentum, and I would check for open cases. I would organize the cases so that they can be run that day. I would go out into the community, run the cases, go back either to a remote location or the office and complete the cases within Momentum.

Q I'm going to go ahead and mark what's going to be Defense Exhibit 1.

(McLaurin Deposition Exhibit No. 1 was marked for identification.)

BY MR. CARKHUFF:

Q Mr. McLaurin, I'm going to represent to you that this is a subpoena to testify at a deposition in a civil action. Does that document; look familiar to you?

A Yes.

Q And did you by happen chance bring any inspection notice documents with you from looking at the property?

A Yes. This is what I created the day. That's the note I created the day that I entered the residency.

Q Going back to Momentum, which is -- sorry. Momentum is the software that the county uses to go in and kind of check the daily tasks for today?

A Uh-huh.
